Mr. Campbell,

To show our deep appreciation for your understanding, we dedicate our yearbook of 1975 to you.

As principal, you have shown yourself to be a man of great capabilities. Not only were you friendly to us, but you showed concern in us as students. You made us feel as though we could count on you to stick by our sides.

You have been the true example of a good principal. With you as principal, we have come to realize that school is what we students make it. You have taught us that pride in what we have makes us the best.

We say to you Mr. Campbell, "Thanks for helping us remember the way we were in 1975."

Sincerely,
The Yearbook Staff of 1975

EDITOR'S NOTE

I would like to take time out to thank those who have offered their valuable time to help make the Yearbook possible. Special thanks to the Yearbook sponsors and to Mr. Campbell who worked so hard toward getting the yearbook. I would like to thank members of the Yearbook Staff who worked diligently and gave of their free time toward this 1974-75 Yearbook. Not only did these students give of their time, but they each contributed a bit of their personalities to their work.

I hope that each of you who look at the Yearbook will long remember the treasures and memories that we've had together. Perhaps some of you will glance back in later years and remember that this was, "The Way We Were" in 1974-75.

Again, thanks to each of you.

THE WHOLE DUTY OF MAN

This interesting and informative book will give every reader a clearer understanding of the nature and purpose of the church and how it relates to all men. This book sheds light upon the New Testament church as God's solution to injustice, strife, selfishness, and immorality. Brother Johnson features with keen insight the need for unity among races and gives documented historical accounts of prejudice, bondage and revolts that have hampered the plea to unite men of different color. The whole duty of man is summed up in Christ and His church and reaches out to all men as equal beings. The author holds the Bible with highest regard and elevates it as our standard in determining proper worship, teaching, fellowship, stewardship and Christian conduct in general. This book is written in a style of sincerity. It is easily understood and stresses the use of common sense and practical teaching which Christianity is.
